AUTHOR AND TITLE INDEX TO VOLUME 15

In this Index in alphabetical order are the names of the authors of all articles, followed by the title of the article and the page numbers on which their articles begin.

For Subject Index see page [4].

A

Altshuler, B.; Yarmus, L.; Palmes, E. D., and Nelson, N.: Aerosol deposition in human respiratory tract: I. experimental procedures and total deposition, 293

Asset, G.: Effect of particle size and wind speed on nasal penetration of windborne particles: observations on experimental animals, 119

B

Barrett, J. C.: See **Tubich, G. E.,** jt. auth.

Beard, H. C., and Dunmire, R. B.: Retention of ethylene fumigant by shoes, 167

Berger, L. B.: Some considerations on dust control in coal mining, 499

Burkhardt, B.: See **Mittler, S.,** jt. auth.

Bush, A. F.: Strange air-borne particles, 1

C

Cain, J. B.: See **Lynch, K. M.,** jt. auth.

Campbell, I. B.; Cass, J. S.; Cholak, J., and Kehoe, R. A.: Aluminum in environment of man: review of hygienic status, 359

Cass, J. S.: See **Campbell, I. B.,** jt. auth.

Cember, H.; Watson, J. A., and Grucci, T. B.: Pulmonary effects from radioactive thallium-activated clay particles, 449

Chambers, L. A.: See **Griswold, S. S.,** jt. auth.

Cholak, J.: See **Campbell, I. B.,** jt. auth.
Schaffer, L. J.; Yeager, D., and Younker, W. J.: Gaseous contaminants in atmosphere, 198

Creedon, F. T.: See **Schepers, G. W. H.,** jt. auth.

Crider, W. L.: See **Milburn, R. H.,** jt. auth.

D

Dalhamn, T.: Chlorine dioxide: toxicity in animal experiments and industrial risks, 101

Davis, I. H.: See **Tubich, G. E.,** jt. auth.

Delahant, A. B.: See **Schepers, G. W. H.,** jt. auth.

Detwiler, C. G.: See **Fitzgerald, J. J.,** jt. auth.

Dodge, H. J.: See **Stallones, R. A.,** jt. auth.

Dunmire, R. B.: See **Beard, H. C.,** jt. auth.

Durham, W. F.; Gaines, T. B.; McCauley, R. H.; Sedlak, V. A.; Mattson, A. M., and Hayes, W. J., Jr.: Studies on toxicity of 0, 0-dimethyl-2, 2-dichlorovinyl phosphate (DDVP), 340

Durkan, T. M.: See **Schepers, G. W. H.,** jt. auth.

F

Feiner, B.: See **Tabershaw, I. R.,** jt. auth.

Felton, J. S.: Teaching occupational medicine at University of Oklahoma School of Medicine, 530

Fitzgerald, J. J.: Rapid and sensitive method of monitoring beryllium aerosols, 68
and Detwiler, C. G.: Optimum particle size for penetration through millipore filter, 3

G

Gaines, T. B.: See **Durham, W. F.,** jt. auth.

Garst, E. L.: See **Garca, J. G.,** jt. auth.

Gauld, R. L.: See **Stallones, R. A.,** jt. auth.

Giel, C.: See **Kleinfeld, M.,** jt. auth.

Gilson, J. C.: Disability of coal workers in Wales, 487
Pathology, radiology, and epidemiology of coal workers' pneumoconiosis in Wales, 468

Gordieyeff, V. A.: Studies on dispersion of solids as dust aerosols, 510

Garca, J. G.; Garst, E. L., and Lowry, W. E.: Comparative toxicity of stable rare earth compounds: I. effect of citrate complexing on stable rare earth chloride toxicity, 9

Griswold, S. S.; Chambers, L. A., and Motley, H. L.: Report of case of exposure to high ozone concentrations for 2 hours, 108

Gruberg, K. H., and Malley, G.: Electrocardiogram in industry, 15

Grucci, T. B.: See **Cember, H.,** jt. auth.

H

Harris, W. B.: Spread of particulate contamination from stacks, 274

Hayes, W. J., Jr.: See **Durham, W. F.,** jt. auth.

Hill, W. H.; Merrill, J. M., and Palm, B. J.: Electrochromatography of boron, 152

Horn, H. J.; Kilian, D. J., and Smith, R. A.: Pulmonary complications with silicone masonry water repellents, 63
Weir, R. J., Jr., and Reese, W. H.: Inhalation toxicology of methylacetylene, 20

K

Kahne, H. R.; Ryder, C. M.; Snegireff, L. S., and Wyshak, G.: Age and absenteeism, 134

Kammer, A. G.: Occupational health problems of bituminous coal miner, 466

Kehoe, R. A.: See **Campbell, I. B.,** jt. auth.

Kilian, D. J.: See **Horn, H. J.,** jt. auth.

King, M.: See Mittler, S., jt. auth.

Kleinfeld, M.: See Tabershaw, I. R., jt. auth.
Giel, C., and Tabershaw, I. R.: Health hazards associated with inert-gas-shielded metal arc welding, 27

L

Lammers, T. F. M.: See Stallones, R. A., jt. auth.

Lansky, H.: See Rockhold, W. T., jt. auth.

Lowry, W. E.: See Graca, J. G., jt. auth.

Ludwig, J. H.: See Megonnell, W. H., jt. auth.

Lynch, K. M.; McIver, F. A., and Cain, J. R.: Pulmonary tumors in mice exposed to asbestos dust, 207

Mc

McCauley, R. H.: See Durham, W. F., jt. auth.

McDermott, F. T.: See Tubich, G. E., jt. auth.

McIver, F. A.: See Lynch, K. M., jt. auth.

M

Magos, L.: Heinz-body formation after exposure to aniline and to 2, 4-dichlorophenol: role of catalase and peroxide, 148

Malley, G.: See Gruberg, K. H., jt. auth.

Martin, E. J.: Interpretation of variability of radon in repeated breath samples, 506

Martin, J. E.: Breathless coal workers as seen at Golden Clinic, 494

Mattson, A. M.: See Durham, W. F., jt. auth.

Megonnell, W. H.; Ludwig, J. H., and Silverman, L.: Dust exposures during ash removal from incinerators, 215

Merrill, J. M.: See Hill, W. H., jt. auth.

Milburn, R. H.; Crider, W. L., and Morton, S. D.: Retention of hygroscopic dusts in human lungs, 59

Mittler, S.; King, M., and Burkhardt, B.: Toxicity of ozone: III. chronic toxicity, 191

Moore, F. J.: See Pokorny, A. D., jt. auth.

Morton, S. D.: See Milburn, R. H., jt. auth.

Motley, H. L.: See Griswold, S. S., jt. auth.

N

Nelson, N.: See Altshuler, B., jt. auth.

P

Palm, B. J.: See Hill, W. H., jt. auth.

Palmes, E. D.: See Altshuler, B., jt. auth.

Pokorny, A. D., and Moore, F. J.: Neuroses and compensation: II. statistical study of 100 consecutive psychiatric admissions to Veterans' Administration hospital, 284

R

Reese, W. H.: See Horn, H. J., jt. auth.

Rockhold, W. T.; Lansky, H.; Wright, P. G., and Stokinger, H. E.: Toxicities of tetramethyl propane diamine and tetramethyl propene diamine, 124

Ryder, C. M.: See Kahne, H. R., jt. auth.

S

Saltzman, B. E.: See Svirbely, J. L., jt. auth.

Schepers, G. W.; Durkan, T. M.; Delahant, A. B., and Creedon, F. T.: Biological action of inhaled beryllium sulfate: preliminary shronic toxicity study on rats, 32

Schaffer, L. J.: See Cholak, J., jt. auth.

Schowalter, E. J.: See Wilkins, G. F., jt. auth.

Sedlak, V. A.: See Durham, W. F., jt. auth.

Shephard, R. J.: Surgical treatment of pulmonary tuberculosis in flying personnel, 516

Shilling, J. W.: See Wilkins, G. F., jt. auth.

Silverman, L.: See Megonnell, W. H.: jt. auth.

Smith, R. A.: See Horn, H. J., jt. auth.

Smyth, H. F., Jr.: Communications lines and problems of toxicology laboratory working for industry, 269

Snegireff, L. S.: See Kahne, H. R., jt. auth.

Stallones, R. A.; Gauld, R. L.; Dodge, H. J., and Lammers, T. F. M.: Epidemiological study of heat injury in Army recruits, 455

Stokinger, H. E.: Evaluation of hazards of ozone and oxides of nitrogen: factors modifying toxicity, 181

Svirbely, J. L., and Saltzman, B. E.: Ozone toxicity and substances associated with its production, 111

T

Tabershaw, I. R.: See Kleinfeld, M., jt. auth.
Kleinfeld, M., and Feiner, B.: Manufacture of tricresyl phosphate and other alkyl phenyl phosphates: industrial hygiene study: I. environmental factors, 537

Tish, A.: Prevalence of disabilities among government employees: second 8-year analysis, 160

Tubich, G. E.; McDermott, F. T.; Davis, I. H.; Barrett, J. C., and Van Farows, D. E.; Occupational health studies in investment casting industry: environmental aspects, 223

V

Van Farows, D. E.: See Tubich, G. E., jt. auth.

W

Walmer, C. R.: Health maintenance in petroleum industry, 331

Waterman, D. H.: Pulmonary disease problems in 2140 hospital admissions of soft coal workers: Knoxville Chest Group experience, 477

Watson, J. A.: See **Cember, H.,** jt. auth.

Weir, R. J., Jr.: See **Horn, H. J.,** jt. auth.

Wilkins, G. F.; Shilling, J. W., and Schowalter, E. J.: Industrial back injuries—Bell System: results of 3-year study, 91

Wright, P. G.: See **Rockhold, W. T.,** jt. auth.

Wyshak, G.: See **Kahne, H. R.,** jt. auth.

Y

Yarmus, L.: See **Altshuler, B.,** jt. auth.

Yeager, D.: See **Cholak, J.,** jt. auth.

Younker, W. J.: See **Cholak, J.,** jt. auth.

Z

Zapp, J. A., Jr.: Hazards of isocyanates in polyurethane foam plastic production, 324

SUBJECT INDEX TO VOLUME 15

The following Index contains an alphabetical list of significant subjects presented in this volume. Books reviewed are listed alphabetically by title under the heading "BOOKS." Occupational health news compiled by the United States Public Health Service is indexed separately under the heading "OCCUPATIONAL HEALTH NEWS." Items of most general interest are also listed under appropriate headings throughout the index.

A

Absenteeism
age and [Kahne et al.], 134

Aerosols
deposition in human respiratory tract [Altshuler et al.], 293
dust: dispersion of solids [Gordieyeff], 510
beryllium: method of monitoring [Fitzgerald], 68

Age
and absenteeism [Kahne et al.], 134

Air pollution
gaseous contaminants in atmosphere [Cholak et al.], 198
spread of particulate contamination from stacks [Harris], 274
strange air-borne particles [Bush], 1

Air sampling
method of monitoring beryllium aerosols [Fitzgerald], 68

Alkyl phenyl phosphates
manufacture: environmental factors [Tabershaw et al.], 537
tricresyl phosphate: clinical effects [Tabershaw and Kleinfeld], 541

Allylene: See Methylacetylene

Aluminum
in environment of man [Campbell et al.], 359

Aniline
Heinz body formation after exposure to [Magos], 148

Army
heat injury in recruits: epidemiologic study [Stallones et al.], 455

Asbestos
dust: pulmonary tumors in mice exposed to [Lynch et al.], 207

B

Back
injuries, industrial: Bell System survey [Wilkins et al.], 91

Bell Telephone System
survey of industrial injuries [Wilkins et al.], 91

Beryllium
aerosols: method of monitoring [Fitzgerald], 68
sulfate, inhaled: chronic toxicity studies on rats [Schepers et al.], 32

BOOKS

Encyclopedia of Instrumentation for Industrial hygiene [Yaffe et al., eds.], 357
Industrial Deafness [Sataloff], 544

BOOKS—continued

Industrial Medicine and Hygiene [Merewether, ed.], 454
Norme per le protezione contro le radiazione ionizzante [Fossati et al.], 78
Proceedings of Conference on Chemical Reactions in Urban Atmosphere [Rogers, ed.], 453
Rosenau Preventive Medicine and Public Health [Rosenau, edited by Maxey], 77
Social Security and Public Policy [Burns], 77
Solvents chlores et hygiene industrielle [Vallaud et al.], 357
Urology and Industry [Wershub], 246

Boron
Electrochromatography [Hill et al.], 152

Breath
sampling: radon in [Martin], 506

C

Casting, investment
occupational health studies: environmental factors [Tubich et al.], 223

Catalase-inhibiting poisons: See Aniline; 2,4-Dichlorophenol

Cerium
chloride: toxicity [Graca et al.], 9

Chlorine
dioxide: toxicity in animal experiments and industrial risks [Dalhamn], 101

Citrate complexing
effect on toxicity of stable rare earths chlorides [Graca et al.], 9

Coal mining
bituminous: occupational health problems of miners [Kammer], 466
disability of workers in Wales [Gilson], 487
dust control [Berger], 499
pneumoconiosis of coal workers in Wales [Gilson], 468
workers, breathless [Martin], 494

Compensation
neuroses and [Pokorny and Moore], 284

D

DDVP: See O,O-dimethyl-2,2-dichlorovinyl phosphate

DEATHS
Drinker, Cecil Kent, 74
Drinker, Katherine, 74

2,4-Dichlorophenol
Heinz body formation after exposure to [Magos], 148

Dust
aerosols: studies of dispersion of solids [Gordieyeff], 510
asbestos: pulmonary tumors in mice exposed to [Lynch et al.], 207
control in coal mining [Berger], 499
exposures to, during ash removal from incinerators [Megonnel et al.], 215
hygroscopic: retention in human lungs [Milburn et al.], 59

E

Electrocardiography
evaluation as procedure in industry [Gruberg and Malley], 15

Electrochromatography
boron [Hill et al.], 152

Epidemiology
of coal workers' pneumoconiosis in Wales [Gilson], 468

Ethylene
oxide fumigant: retention by shoes [Beard and Dunmire], 167

F

Filters
millipore: optimum particle size for penetration through [Fitzgerald and Detwiler], 3

Fumigants
ethylene oxide: retention by shoes [Beard and Dunmire], 167

G

Government employees
prevalence of disabilities among [Tish], 160

"Guide for Conservation of Hearing," 451

H

Health, occupational
hazards associated with inert-gas shielded metal arc welding [Kleinfeld et al.], 27
health maintenance in petroleum industry [Walmer], 331
investment casting industry: environmental factors [Tubich et al.], 223

Heat injury
in Army recruits: epidemiological study [Stallones et al.], 455

Heinz Bodies
formation after exposure to aniline and 2,4-dichlorophenol [Magos], 148

I

Incinerators
dust exposures during ash removal [Megonnell], 215

Industry
problems of toxicology laboratory working for [Smyth], 269

Industrial hygiene
alkylphenyl phosphates: environmental factors in manufacture [Tabershaw et al.], 537

Industrial relations
occupational medicine in [panel discussion], 304

Isocyanates
hazards of, in polyurethane foam plastic production [Zapp], 324

K

Knoxville, Tenn.
Chest Group: experience in pulmonary disease problems of soft coal workers [Waterman], 477

L

Lanthanum
chloride: toxicity [Graca et al.], 9

Lungs
complications following use of silicone water repellent [Horn], 63
disease problems in soft coal workers [Waterman], 477
effects from radioactive thallium activated clay particles [Cember et al.], 449
retention of hygroscopic dusts [Milburn et al.], 59
tuberculosis in flying personnel: surgical treatment [Shephard], 516
tumors in mice exposed to asbestos dust [Lynch et al.], 207

M

Methylacetylene
toxicology, inhalation [Horn et al.], 20

N

Neodymium
chloride: toxicity [Graca et al.], 9

Neuroses
compensation and [Pokorny and Moore], 284

NEWS AND COMMENT, 166, 356

Nitrogen
oxides: factors modifying toxicity [Stokinger], 181

O

Occupational health
problems of bituminous coal miners [Kammer], 466

OCCUPATIONAL HEALTH NEWS
agencies complete 3-month study of industrial health in Minnesota, 173
American Union of Occupational Medicine, 249
comparative dust sizing yields unexpected results, 247
director appointed for new Texas Occupational Health Division, 176
dust exposures in brick and tile industries of Tennessee, 250

OCCUPATIONAL HEALTH NEWS—continued

epidemiologic studies on air pollution, 177
excitation sources for spectrographic analysis, 253
field marking are seasonal hazard for football players, 268
hatters observe 15th anniversary of ban on mercury carrot, 86
hazards from laboratory refrigerators, 267
industrial hygiene records and Houston department, 263
inexpensive scientillation flask designed for radon assay, 83
lift trucks raise carbon monoxide level, 172
occupational health and academic life, 260
occupational health and Coast Guard buoy repair, 256
occupational medicine south of the Rio Grande, 79
Pacific Northwest Industrial Health Conference, 84
shielded psychrometer for measuring environmental temperatures in presence of radiant heat, 261
the states speak, 170
statistics sought on human leptospirosis, 174
Texas Industrial Nurses' Association and American Industrial Hygiene Association, joint meeting, 90
two more states adopt radiation safety regulations, 175
uranium mill employees tested to learn radium body burden, 175

Occupational medicine
in industrial relations [panel discussion], 304
teaching at University of Oklahoma School of Medicine [Felton], 530

O,O-dimethyl-2,2-dichlorovinyl phosphate toxicity: studies on [Durham et al.], 340

Ozone
exposure to high concentrations [Griswold et al.], 108
toxicity [Kleinfeld et al.], 30
toxicity, and substances associated with its production [Svirbely and Saltzman], 111
toxicity, chronic [Mittler et al.], 191
toxicity: factors modifying [Stokinger], 181

P

Particulate matter
clay, radioactive thallium activated: pulmonary effects [Cember et al.], 449
deposition in human respiratory tract [Altshuler et al.], 293
dispersion of solids as dust aerosols [Gordieyeff], 510
effect of particle size and wind speed on nasal penetration of wind-borne particles [Asset], 119
optimum particle size for penetration through Millipore filter [Fitzgerald and Detwiler], 3
spread of contamination from stacks [Harris], 274

Petroleum industry
health maintenance in [Walmer], 331

Plastics
polyurethane foam: hazards of isocyanates in production of [Zapp], 324

Postgraduate education
Colby College: course in industrial deafness, 451
course on early detection and prevention of disease, 356

Postgraduate education—continued
National Science Foundation and Public Health Service: increased stipends for fellowships, 245
New York University Post-Graduate Medical School: occupational medicine for physicians, 451
Northwestern University: testing of hearing, 451

Praseodymium
chloride: toxicity [Graca et al.], 9

Propine: See Methylacetylene

Propyne: See Methylacetylene

R

Radiation
maximum permissible exposures in man [National Committee on Radiation Protection and Measurement], 350
radiology of coal workers pneumoconiosis in Wales [Gilson], 468

Radium industry
radon, in repeated breath samples: interpretation of variability [Martin], 506

Radon
inexpensive scientillation flask for assay [Kusnetz], 83

Respiratory tract: See also Lungs
aerosol deposition in [Altshuler et al.], 293
diseases: breathless coal workers [Martin], 494

S

Shoes
retention of ethylene oxide fumigant by [Beard and Dunmire], 167

Silicones
masonry water repellents: pulmonary complications [Horn et al.], 63

Society news
American Academy of Occupational Medicine, 451
American Board of Preventive Medicine, 166

T

TCP: See tricresyl phosphate under Alkyl phenyl phosphates

Tetramethyl propane diamine
toxicity [Rockhold et al.], 124

Tetramethyl propene diamine
toxicity [Rockhold et al.], 124

Thallium
radioactive: pulmonary effects from clay particles activated with [Cember et al.], 449

Tl^{204}: See Thallium, radioactive

Toxicity
beryllium sulfate; chronic inhalation, on rats [Schepers et al.], 32
chlorine dioxide [Dalhamn], 101
methylacetylene: inhalation [Horn et al.], 20
O,O-dimethyl-2,2-dichlorovinyl phosphate [Durham et al.], 340
ozone [Svirbely and Saltzman], 111
ozone: chronic [Mittler et al.], 191
ozone: in inert-gas shielded metal arc welding [Kleinfeld et al.], 30
ozone and nitrogen oxides: factors modifying [Stokinger], 181

Toxicity—continued
rare earth chlorides: effect of citrate complexing on [Graca et al.], 9
tetramethyl propane and propene diamines [Rockhold et al.], 124

Toxicology laboratory
communication lines and problems of laboratory working for industry [Smyth], 269

Tuberculosis
pulmonary, in flying personnel: surgical treatment [Shephard], 516

W

Wales
coal workers' disability [Gilson], 487
coal workers' pneumoconiosis [Gilson], 468

Welding
arc, metal, inert-gas shielded: health hazards [Kleinfeld et al.], 27

Wind
effect of speed on nasal penetration of wind-borne particles [Asset], 119

AUTHOR AND TITLE INDEX TO VOLUME 16

In this Index in alphabetical order are the names of the authors of all articles, followed by the title of the article and the page numbers on which their articles begin.

For Subject Index see page [4].

SUBJECT INDEX TO VOLUME 16

The following Index contains an alphabetical list of significant subjects presented in this volume. Books reviewed are listed alphabetically by title under the heading "Books."

A

Agriculture
chemicals, agricultural: control of hazards in use—California experience [Metcalf], 337
chemicals, agricultural: economic facts, laws, and regulations [Lemmon], 326

Air
contaminates: characteristics and distributions of organic substances in air of some American cities [Chambers et al.], 17
contaminates: effect of on reproduction and offspring survival in mice [Kotin & Thomas], 411
monitoring, continuous: portable radon detector for [Harris et al.], 493

Aluminum
powder, dry, therapy for thermal burns [Maxmen], 414

American Medical Association
Council on Industrial Health: Committee on Industrial Ophthalmology, 177

Apparatus
portable carbon monoxide uptake apparatus [Carey et al.], 225
radon detector, portable, for continuous air monitoring [Harris et al.], 493

Appointments
Keppler, J. Fred, 177

Armed Forces
military training centers: control of heat casualties [Yaglou & Minard], 302

Arsine
poisoning: emergency [McKinstry & Hickes], 32

B

Blood
cholinesterase activity: practical considerations in routine testing programs [Wolfsie], 403

Books
Ageing in industry [Clark & Dunne], 90
Air Pollution Handbook [Magill et al., eds.], 90
Allergic Dermatoses Due to Physical Agents [Baer, ed.], 178
Clinical, Toxicology of Commercial Products: Acute Poisoning (Home & Farm) [Gleason et al.], 443
Condensed Chemical Dictionary. Ed. 5 [Rose & Rose], 443
Coronary Heart Disease: Angina Pectoris: Myocardial Infarction [Plotz], 356
Diagnosis and Treatment of Pulmonary Tuberculosis [Dufault], 534
Dictionary of poisons [Mellan & Mellan], 90
Early Detection and Prevention of Disease [Hubbard, ed.], 534
Handbook of Poisons [Dreisbach], 89
Industrial Toxicology. Ed. 2 [Fairhall, ed.], 443
Medecine du travail [Simonin], 356
Practical Dermatology [Peck & Palitz], 178
Practical Psychiatry for Industrial Physicians [Ross], 89
Precancerogenesi e tumori professionali: Vol. 2 [Chiurco], 444

Boranes: See Boron, hydrides

Boron
hydrides: gas-mask protection against [King et al.], 393
hydrides: intoxication in humans [Lowe & Freeman], 523
and strontium: dietary: accumulation in albino rats Forbes & Mitchell], 489

Burns
shock: oral treatment [Markley], 427
thermal: dry aluminum therapy for [Maxmen], 414
treatment [Pillsbury], 422
treatment: exposure method [Van Petten], 416

C

Cadmium
deposition and distribution of, in man in chronic poisoning [Friberg], 27
poisoning [Christensen & Olson], 8
poisoning, chronic, after comparatively short exposure: proteinuria in [Friberg], 30

California
experience in control of hazards in use of agricultural chemicals [Metcalf], 337

Carbon
monoxide: portable apparatus for determining uptake [Carey et al.], 225
tetrachloride: dangers, 354

Chlorine
dioxide: health hazards [Glomme & Lundgren], 169

Chlorophenothane (DDT)
Intestinal lymphatic absorption [Rothe et al.], 82
Cholinesterase: See under Blood

D

DDT: See Chlorophenothane

Degussa process submicron amorphous silica dust: See under Silica

Detroit (Michigan)
metropolitan area: preemployment and periodic physical evaluation programs [Raskin & Silver], 52

Disease
chronic: energy costs in regulating physical activity [Gordon], 437

Dow Corning Silica: See under Silica

Drinking fountains
potention infections from [Mallmann & Fontes], 77

Dust
cadmium: proteinuria in chronic poisoning after comparatively short exposure to [Friberg], 30
coal-mine: massive pulmonary fibrosis produced by vole bacillus and [King et al.], 380
silica: biological action of Degussa process amorphous submicron (Dow Corning Silica) after inhalation in rats [Schepers et al.], 125

E

Earths
diatomaceous: pneumoconiosis, experimental in guinea pigs from [Tebbens & Beard], 55
diatomaceous: pulmonary effects of synthetic silicates derived from [Gross et al.], 317

Earths, rare
yttrium, lanthanum, and others: acute toxicity [Kyker & Cress], 475

Electricity
static: measurement of leakage resistances and [Barnholdt & Rasmussen], 67

Energy costs
use in regulating physical activity in chronic disease [Gordon], 437

Examinations
physical; preemployment and periodic, in metropolitan Detroit area [Raskin & Silver], 52

Executives
health of [Carryer], 267

Eyes
chemical injuries: emergency treatment [Ryan], 250
diseases: screening for [Foote], 254
protection: elements of successful industrial program [Wilkins], 240

G

Gas masks
protection against boron hydrides [Long et al.], 393

Goggles
safety, prescription: problems [Schowalter], 246

H

Health Physics Society
Proceedings of First Annual Meeting, 177

Hearing
conservation: methods [House], 445
disability: definition and measurement [Davis], 454

Heat
casualties: control at military training centers [Yaglou & Minard], 302

I

Illumination
and vision: quantitative relationships [Blackwell], 108

Industrial health
counseling: emergence of medical personnel as counselors [Eilbirt], 155
hazards from chlorine dioxide [Glomme & Lundgren], 169

Industrial hygiene
industrial hygienist's part in solution of industrial noise problem [Scholtz], 469

Insecticides
chlorinated hydrocarbon: toxicology, diagnosis, and treatment of intoxications [Princi], 333
phosphate ester [Golz], 330

Isocyanates
organic: symptoms in workers exposed to [Hama], 232

L

Lanthanum: See Earths, rare

Lungs
animal: chronic injury following low level exposure to ozone [Stokinger et al.], 514
deposition of fine dust particles in [Dautrebande et al.], 179
effects of synthetic silicates from diatomaceous earth [Gross et al.], 317
fibrosis, massive, produced by vole bacillus and coal-mine dust [King et al.], 380
guinea pig: pulmonary reaction to inhaled submicron amorphous silica dust [Schepers et al.], 208
rat: recovery of quartz and other minerals from [Nagelschmidt et al.], 188

M

Manganese
poisoning: diagnosis and treatment [Penalver], 64

Maximum permissible exposure values: See also Threshold limit values
recent changes [Morgan], 357

Mercury and mercury compounds
mercuric chloride and phenylmercuric acetate: distribution in rabbits after single subcutaneous injection [Friberg et al.], 163

Metal-fume fever
from inhalation of zinc oxide [Rohrs], 42

Mycobacterium
tuberculosis, var. muris (vole bacillus): massive pulmonary fibrosis produced by coal dust and [King et al.], 380

N

NEWS AND COMMENT 87, 177, 266, 354, 443

Nickel
carbonyl: chronic exposure of rats to [Sunderman et al.], 480
carbonyl: metabolism of nickel under normal conditions and after exposure to [Tedeschi & Sunderman], 486

Noise
industrial: consulting otologist's role [Fox], 464
industrial: industrial hygienist's part in solution [Scholtz], 469
problem: teamwork approach [Whitaker], 459
Subcommittee on Noise in Industry: status of research activities [Glorig], 449

Nurse
industrial: responsibilities and limitations in vision program [Hargreaves], 234

O

Occupational medicine
expanding scope [D'Alonzo], 1

Otology
consulting otologist's role in industrial noise problem [Fox], 464

Ozone
toxicity: chronic injury to lungs of animals following low-level exposure [Stokinger et al.], 514

P

Phenylmercuric acetate: See under Mercury and mercury compounds

Phosphorus and phosphorus compounds
- phosphate ester insecticides [Golz], 330

Physical activity
- in chronic diseases use of energy costs in regulating [Gordon], 437

Pneumoconiosis
- experimental, in guinea pigs, due to diatomaceous earth [Tebbens & Beard], 55
- infective: experimental: massive fibrosis of lungs produced by coal mine dust and vole bacillus [King et al.], 380

Postgraduate education
- University of Cincinnati: course in occupational skin problems, 266
- New York University Post-Graduate Medical School and College of Engineering: air pollution course and course in radiological safety, 442
- Western Occupational Health Conference, 266

Q

Quartz
- and other minerals: recovery from lungs of rats [Nagelschmidt et al.], 188

R

Radiation
- hazards due to x-rays in veterinarians [Messite et al.], 48

Radon
- detector, portable, for continuous air monitoring [Harris et al.], 493
- elimination in breath: indirect effect of psychogenic factors [Martin & Kovar], 14

S

Scientific Exhibits
- Use of energy costs in regulating physical activity in chronic disease [Gordon], 437

Shock
- burn: oral treatment [Markley], 427

Silica and silica compounds
- Degussa process submicron amorphous dust (Dow Corning Silica): biological action following inhalation in rats [Schepers et al.], 125
- Degussa process submicron amorphous dust (Dow Corning Silica): inhalation studies on rabbits [Schepers et al.], 283
- Degussa process submicron amorphous dust (Dow Corning Silica): injection studies [Schepers et al.], 499
- Degussa process submicron amorphous dust (Dow Corning Silica): pulmonary reaction in uninfected guinea pigs [Schepers et al.], 203
- Degussa process submicron amorphous dust (Dow Corning Silica): studies on guinea pigs infected with tuberculosis [Schepers et al.], 363

Silica—continued
- silicates, synthetic, derived from diatomaceous earths: pulmonary effects [Gross et al], 317

Silicosis
- experimental: Recovery of quartz and other minerals from lungs of rats [Nagelschmidt et al.], 188

Strontium
- boron and, dietary: accumulation in albino rats [Forbes & Mitchell], 489

T

Threshold limit values for 1957, 261

Tuberculosis
- experimental: action of submicron amorphous silica on guinea pigs infected with [Schepers et al.], 363

V

Veterinarians
- radiological hazards due to x-rays in [Messite et al.], 48

Vision
- color deficiency: testing for, in industry [Farnsworth], 100
- efficiency: estimation of loss [Spaeth], 104
- illumination and: quantitative relationships [Blackwell], 108
- industrial programs: components of complete program [Foote], 91
- industrial programs: evaluation of screening methods [Hogan], 93
- industrial program: responsibilities and limitations of industrial nurse in [Hargreaves], 234
- industrial programs: testing for color deficiency [Farnsworth], 100

Vole bacillus: See Mycobacterium tuberculosis var. muris

W

Wise Owl Club
- achievements [O'Neil], 238

X

X-rays
- hazards due to, in veterinarians [Messite et al.], 48

Y

Yttrium: See under Earths, rare

Z

Zinc and Zinc compounds
- biological significance [Vallee], 147
- oxide: metal-fume fever from inhalation [Rohrs], 42
